

# California OES Weather Threat Briefing

Sunday, May 9, 2021  
9:00 AM PDT

**Day 1 (Sunday):** Elevated to critical fire weather conditions will continue across the Sacramento Valley, nearby foothills, the East Bay Hills and the North Bay Hills due to gusty winds and very dry conditions.

National Weather Service

*Western Region Headquarters  
Regional Operations Center  
Salt Lake City, UT*

# **WEATHER KEY POINTS**

**05/09/21 - 05/15/21**

## **Sunday- Monday**

- Several periods of critical fire weather conditions expected across the Sacramento Valley and nearby foothills Sunday through Monday with winds gusting 30-40 mph and very dry conditions
  - Red Flag Warnings are in effect through Monday evening for many northern California valleys and the North and East Bay
- Elsewhere, locally breezy weather will result in elevated fire weather conditions for the southern California mountains and southern Sierra this weekend and early this week

## **Tuesday-Friday**

- Temperatures will warm back well above normal through the middle of the week.
- Widespread temperatures in the 90s to lower 100s are expected across the Central Valley and southern California deserts by Tuesday, Wednesday, and Thursday
- No precipitation expected through late next week, with a cooling trend increasingly likely at the end of the week
